I hope many parishioners will attend one of the meetings scheduled to contribute to the Synod called by Pope Francis to take place in Rome in 2023. The **90 minute one-time** meeting will be a time of prayerful listening and discernment to what the Holy Spirit is revealing to the Church in these challenging times. Pope Francis hopes the Synod will help the Church effectively evangelize. Everyone's experience of the Church is unique, and the Pope asks us to listen to whatever that experience is in a welcoming way, devoid of judgement. **The February schedule is above. Please prayerfully consider signing up using the sheets in the Church Vestibule after all Masses.**
